Target rules

The principles mentioned in subsection (4) above, in relation to the seats on any body which fall to be filled by appointments made by any relevant authority or committee of a relevant authority, are—

- (a) that not all the seats on the body are allocated to the same political group;
- (b) that the majority of the seats on the body is allocated to a particular political group if the number of persons belonging to that group is a majority of the authority's membership;
- (c) subject to paragraphs (a) and (b) above, that the number of seats on the ordinary committees of a relevant authority which are allocated to each political group bears the same proportion to the total of all the seats on the ordinary committees of that authority as is borne by the number of members of that group to the membership of the authority; and
- (d) subject to paragraphs (a) to (c) above, that the number of the seats on the body which are allocated to each political group bears the same proportion to the number of all the seats on that body as is borne by the number of members of that group to the membership of the authority.
