The Committee considered a report on a review of the substantive Housing Enforcement Policy because of recent legislative changes. He highlighted the Minimum Energy Efficiency Standard (MEES) requirements that are set out in Regulations and the available enforcement mechanisms.

Officers responded to questions from Committee Members. In the ensuing discussion, the following main points were made:

- Reference was made to how the Policy can be made accessible and inclusive in terms of issues such as language, format, access to face-to-face communication and advocacy. Officers were asked if this can be raised with the relevant Corporate Director.
- It is planned to carry out a private sector housing stock survey. This periodic piece of work has been delayed due to Covid, but will be picked up again and the findings will be presented to this Committee. There is also some relevant data available through the SWDP Strategic Housing Market Assessment.
- Officers can provide some information on the Council website to explain what support is available to landlords and what happens if they do not comply.

- Perdiswell 3G Artificial Pitch Development – Add to the Performance Indicators for this Committee.

In the ensuing discussion, the following main points were made:

- Reference was made to Asset Based Community Development Outcomes. The Corporate Director explained that a paper or presentation on this topic can be provided at the June meeting of the Committee.
- There are 3 Performance Indicators that include elements related Housing Enforcement. There will be a report back in time to demonstrate what has been achieved in respect of the various strands of the Enforcement Policy and overall progress.
- The Corporate Director advised that it is possible to provide information regarding numbers on the Housing Waiting List, but interpreting the data is not straightforward and care needs to be taken with the narrative. Officers can look into developing a meaningful indicator.

- As part of the implementation of the Housing Enforcement Policy Officers will look at how information can be recorded to evidence how the work of the Private Sector is driving up the quality of Private Sector Housing generally in Worcester.
