Subject: Bears Great Escapes Limited

Importance: High

Could you send the following email to Jeff Bright:-

The Licensing Department are in receipt of a Street Trading application from Mr Stephen Connelly (Bears Great Escapes Limited).

The applicant currently benefits from a number of 'mobile' licences to trade in certain areas of Worcester City.

*However, this application is to trade from a **static** pitch in the area of the Riverside & Fountains.*

You will be aware of the fact that you recently applied for a static licence in the same vicinity. However, this application was refused, due to the fact that you wished to provide a catering trailer on the site. The refusal was due to weight restrictions in that area.

*Mr Connelly's application is to trade from a static pitch on a **tricycle**.*

Be aware that the applicant is registered with Environmental Health as a Food Business, and this department has sight of the necessary Public Liability Insurance.

*Closing date for comments to this application will be **29th May 2015**.*

Please be advised that other existing traders in that area (Browns@ the Quay) will be emailed details of the application for comment.

If you require any further assistance, please email wrsenquiries@worcsregservices.gov.uk

Thanks.
