

Carl phillips
Regulatory services
street trading licenses

27th May 2015

It has been brought to our attention that Mr Steven Connelly of Bears great escapes ltd has put in an application for a permanent static Trading License.
Positioned on the South quay area Worcester from Monday to Sunday.

We feel as market operators on behalf of and for Worcester city council and Worcester city markets that this will set precedence and may interfere with the periodic markets that come under our market charter. Therefore we object to the application on the grounds that it would sit inside the market footprint but outside our jurisdiction.

Yours sincerely,

C J Bates Events Coordinator
