Subject: Mr Connelly's Static Ice Cream Pitch, South Quay

I wish to formally object this static licence application due to the following reasons

- No hot water system on his bike - The law states you need good whole water at all times
- He is the only vendor selling ice cream to be allowed to trade in this manor by the

WRS

- In the past this man has gone cap in hand to the council asking for half price rate which was refused (I should think so)
- Is Mr Connelly going to give up one of his consents down the south quay. if not that would mean he would be operating three ice cream bikes down south quay.
- How will we know its the same bike trading from the static pitch?
- The way things are towards him with WRS, Worcester City Council and Worcester bid he will be granted this licence.
- I hope when he is granted this licence he will not be allowed to take a trailer or van down south quay
- I hope you can advise Mr Connelly to trade in a or-dally manor as he seems to think he has the upper hand on my company. Its been that bad via himself and worcester bid we have sought advice from the local police. Even down to the WRS insulting one of the lads on my bike calling him pretty boy.
- 9 years of Mr Connelly flouting the rules and regulations, using his bike as a static unit on a mobile licence, every time I've complained about its been swept under the carpet and been ignored by WRS
- i hope when he is granted the static licence he pays £3320 like every other static licence holder

On my objection I wish Mr Connelly all the best.

J Bright
