

PLANNING COMMITTEE

LATE PAPERS

Thursday 29th September 2022

AGENDA ITEM 8 – 21/00939/OUT

20 Old Northwick Lane

Single dwelling with garaging (all matters reserved except access)

PLANNING COMMITTEE – 29th September 2022.

Late Paper Report - Agenda Item 8

Late paper for Planning Committee	
Application Number	21/00939/OUT
Site Address	20 Old Northwick Lane
Description of Development	Single dwelling with garaging (all matters reserved except access)

Update to report

Paragraph 4.8. On the 28th July the County Council updated the Streetscapes Design Guide following amendments agreed with Director of Economy & Infrastructure and the Cabinet Member with Responsibility. The relevant document is now 'Worcestershire County Council Streetscapes Design Guide (July 2022)'. This does not alter the Highway Authority's response or the recommendation for this application.

Section 9 - Additional recommended conditions

14) Prior to the commencement of development, including any ground works and other site set up, the tree protection measures set out in the Tree Survey and Categorisation to BS5837:2012 - Arboricultural Impact Assessment, HEC (dated 18/08/21) and drawing no. 21167-21-01 shall be implemented in full and retained for the duration of the development, unless it is in accordance with alternative arrangements that have first been submitted to and approved in writing by the Local Planning Authority.

Reason:-

To ensure that those trees to be retained are not subject to damage either as a result of works carried out on site or during the carrying out of such works in accordance with policies SWDP21 and SWDP25 of the South Worcestershire Development Plan and aims and objectives of the National Planning Policy Framework.

15) The no dig geogrid system, as set out in the Tree Survey and Categorisation to BS5837:2012 - Arboricultural Impact Assessment, HEC (dated 18/08/21) and drawing no. 21167-21-01 shall be provided prior to the commencement of any development, unless alternative temporary protection measures for the construction phase have first been submitted to and approved in writing by the Local Planning Authority and development is carried out in accordance with those approved details and retained throughout the construction phase.

Reason:-

To ensure that those trees to be retained are not subject to damage either as a result of works carried out on site or during the carrying out of such works in

accordance with policies SWDP21 and SWDP25 of the South Worcestershire Development Plan and aims and objectives of the National Planning Policy Framework.

Additional Consultation Comments

Worcester Regulatory Services (Contamination) 22/09/2022

"WRS have reviewed the contents of your emailed consultation and would make the following comments with regard to risks from contamination and human health.

Having taken a look at the historical mapping of the site, there would appear to be little risk to the proposed development. Whilst the applicant may wish to include gas protection measures as a matter of routine during development, it would seem disproportionate to recommend a site investigation be carried out in this instance.

As such, whilst the contents of this email may be added to as an informative to any approval, we've no other comments to make."

No change to recommendation.

Amended/Additional conditions

Condition 2 – add the following drawing:
ARCWR-ONE-ZZ-ZZ-DR-A-0003 Rev.P03 (Titled Site Plan as Proposed)

Replace recommended condition 7 with the following:

Before any work, including site clearance or demolition begin or equipment and materials are moved on to site, a Construction Environmental Management Plan (CEMP) including a full Ecological Working Method Statement and a specified 'responsible person', shall be submitted to and approved in writing by the Local Planning Authority. The approved CEMP shall be implemented in full and remain in place until all work is complete on site and all equipment and spare materials have finally been removed; unless otherwise agreed in writing by the local planning authority.

Reason: To ensure that all species are protected and habitats enhanced having regard to the requirements policy SWDP 22 of the South Worcestershire Development Plan (2016), the Wildlife and Countryside Act 1981, Conservation of Habitats and Species Regulations (2017), the National Planning Policy Framework and the NERC Act (2006).

Additional condition (no.8)

Prior to the first occupation of the development hereby permitted, a landscaping scheme (including details of biodiversity improvement measures) with timings for planting implementation, regime for establishment and on-going five year maintenance shall be submitted to and approved in writing by the Local Planning Authority. The landscaping scheme shall be completed in accordance with the approved details and no later than during the first planting season following practical completion of the development and retained for the lifetime of the development. Any trees or shrubs which die, are removed or become seriously damaged or diseased within five years from the completion of the landscaping works shall be replaced in the next planting season with the same species or an approved alternative as agreed in writing by the Local Planning Authority.

Reason: To ensure the appearance of the development is acceptable and to ensure the provision of an adequate standard of amenity space in accordance with the requirements of policies SWDP 21, SWDP 22 and SWDP 25 of the South Worcestershire Development Plan (2016).

Additional condition (no. 9)

Prior to the commencement of any above ground works other than removal of the existing building a scheme for the installation of solar panels shall be submitted to the local planning authority for written approval. The scheme shall be implemented before the development is first occupied and shall operational for the lifetime of the development.

Reason: In order to reduce carbon emissions and secure sustainable energy solutions in accordance with the requirements of policy SWDP 27 of the South Worcestershire Development Plan (2016).
